What is ALS?

a·myo·tro·phic
lateral
sclerosis

ALS is an always fatal neurodegenerative disease in which a person's brain loses connection with the muscles. People with ALS lose their ability to walk, talk, eat, and eventually breathe.

ALS usually strikes people between the ages of 40 and 70, but it can strike anyone at any time. In the past year, over 20,000 people living with ALS were served through our chapter network.

Although there is not yet a cure or treatment that halts ALS, scientists have made significant progress in understanding what causes ALS. But their work is not done. Together, we work toward a cure.

FACTS ABOUT ALS

for ALS

SYMPTOMS

Progressive loss of muscle control
ALS gradually prohibits the ability to:

- Speak
- Grasp objects
- Swallow
- Move
- Walk
- Breathe

DIAGNOSIS

Difficult to diagnose

- ALS is often diagnosed by ruling out other diseases, which may take months or years

MILITARY

Veterans are more likely to get ALS than the general public

- ALS impacts veterans regardless of the branch of service served in and affects those who served in both peacetime and war

About the ALS ASSOCIATION

CENTRAL & SOUTHERN OHIO CHAPTER

The ALS Association is the only national nonprofit organization fighting ALS on every front. By leading the way in global research, providing assistance to ALS families through the highest quality services, coordinating multidisciplinary care through ALS clinics, and conducting fearless advocacy, The ALS Association builds hope and enhances quality of life while aggressively searching for new treatments and a cure.

Our VISION:
Create a world
without ALS

Our MISSION:

To discover treatments and a cure for ALS, and to serve, advocate for, and empower people affected by ALS to live their lives to the fullest.

YOUR PARTNERSHIP HELPS FUND:

CARE SERVICES

One-on-one **case management** provided by nurses and social workers knowledgeable about the complexities of ALS.

Multidisciplinary ALS clinics at OhioHealth and the University of Cincinnati.

Equipment loans and purchases for specialized DME that are not always covered by insurance.

Quality of Life **reimbursement grants** for disease-related expenses.

Support and education for patients and caregivers.

RESEARCH

Invested \$3M in the Healey Platform Trial to speed up drug development by **reducing the cost of research by 30% and decreasing the trial time by 50%.**

Finding out what matters most to people with ALS and their caregivers. Over 1,450 people have participated in the ALS Focus surveys.

Starting a new **effort to stop ALS even before people get sick** by funding the first ever development of genetic testing and counseling guidelines for ALS.

ADVOCACY

Ended the SSDI 5-month waiting period for people living with ALS by spearheading successful efforts to pass and enact into law the bipartisan ALS Disability Access Act.

Boosted funding for the ALS Research Program at the Department of Defense from **\$20 million to \$40 million** in 2020.

Protected access to noninvasive ventilators (NIV) for Medicare beneficiaries with ALS by fighting the Centers for Medicare and Medicaid Services (CMS) decision to add NIV to the competitive bidding program.

About the WALK TO DEFEAT ALS®

When you participate in The ALS Association's Walk to Defeat ALS, you support people living with ALS in our community and advance global research and public policy initiatives aimed at finding treatments and a cure for the disease. The funds your company will donate or raise will have a direct impact on the lives of people affected by ALS — and they are counting on you and your employees for help!

They Fought for Our Country, Now Help Us Fight for Their Lives

Studies supported by the National Institutes of Health, Department of Defense, Department of Veterans Affairs, and Harvard University have found that military veterans are twice as likely to die from ALS than the general public. This is the case regardless of the branch of service or the era in which they served and regardless of whether they served during a time of peace or war, domestically or abroad. The Department of Veterans Affairs has recognized the risk faced by military veterans and in 2008 designated ALS as a service-connected disease, which enables veterans with ALS to automatically qualify for substantial VA health and disability benefits.

YOUR SUPPORT FUELS PROGRESS

In the years since the Ice Bucket Challenge took the world by storm, tremendous progress has been made.

The Walk to Defeat ALS remains the greatest way to lend help and hope to people living with ALS and their families.

GET INVOLVED

Here are some ways you can get your company (and employees) involved in the Walk to Defeat ALS®.

- Form a Walk to Defeat ALS® corporate fundraising team.
- Host a dress-down day fundraiser.
- Sell Walk to Defeat ALS® pin-ups in your retail stores or offices.
- Offer a matching gifts program to donations made by (or even raised by) employees.
- Encourage friendly competition by posting inter-departmental thermometers or offering parking spaces to top fundraisers. Make it fun!
- Recruit volunteers to help with Walk activities (and contact us to get involved in other areas of need, too). Email Amy Hall at ahall@ALSoHio.org or call her at (866) 273-2572 x101.

Your Local **IMPACT**

Thanks to corporate sponsors and generous donors, The ALS Association Central & Southern Ohio Chapter provides services to families living with ALS at no charge and does not bill insurance companies. Here's how sponsorship and charitable dollars made an impact last year:
