WalkALS Unite for Life

Same Mission. Same People. New Name!

SUNDAY, SEPTEMBER 15, 2024

COFFMAN PARK PAVILION | DUBLIN

What is ALS?

[a•myo•tro•phic lateral sclerosis]

ALS is an always fatal neurodegenerative disease in which a person's brain loses connection with the muscles. People with ALS lose their ability to walk, talk, eat, and eventually breathe.

ALS can strike anyone at any time.

Although there is not yet a cure or treatment that halts ALS, scientists have made significant progress in identifying the genes associated with it. But their work is not done.

Together, we will work toward a cure, and make sure families have the expert care and personal services to help them live with the disease until that cure is found.

FACTS ABOUT ALS

5,000+

people are diagnosed per year

Every

90 MINUTES

someone is diagnosed or someone passes away from ALS

2-5 YEARS

is the average life expectancy

10 PERCENT

of cases are inherited through a mutated gene

90 PERCENT

of cases occur without family history

\$2 BILLION

is the estimated cost to develop a drug to slow or stop the progression of ALS

\$250,000

is the estimated out-of-pocket cost for caring for a person with ALS

SYMPTOMS

Progressive loss of muscle control
ALS gradually prohibits the ability to:

- Speak
- Grasp objects
- Swallow
- Move
- Walk
- Breathe

DIAGNOSIS

Difficult to diagnose

- ALS is often diagnosed by ruling out other diseases, which may take months or years

MILITARY

Veterans are more likely to get ALS than the general public

- ALS impacts veterans regardless of their branch of service and affects those who served in both peacetime and war

There is

NO CURE
for ALS

About **ALS UNITED**

ALSOhio.org

ALS United Ohio focuses on three mission priorities to fight ALS from all sides every day. By providing assistance to ALS families through the highest quality care services, conducting fearless advocacy, and funding critical research, ALS United Ohio builds hope and enhances quality of life while aggressively searching for new treatments and a cure.

Our MISSION: The mission of ALS United Ohio is to provide comprehensive support and advocacy for people with ALS and their families, while advancing research for new treatments and an end to ALS.

YOUR PARTNERSHIP HELPS FUND:

CARE SERVICES

One-on-one **case management** provided by nurses and social workers knowledgeable about the complexities of ALS.

Multidisciplinary ALS clinics at OhioHealth and the University of Cincinnati.

Equipment loans and purchases for specialized DME that are not always covered by insurance.

Quality of Life **reimbursement grants** for disease-related expenses.

Support and education for patients and caregivers.

RESEARCH

Invest in emerging talent, nurturing young scientists to drive innovation.

Prioritize funding the most promising research endeavors and actively cultivate innovative partnerships spanning government, industry, academia, and other nonprofit organizations.

Actively **promote clinical trials, both locally and across the country**, to connect people with ALS with ways to engage in current research and help speed the search for a cure.

ADVOCACY

Lobbied Ohio lawmakers to commit \$1 million for people living with ALS to increase direct patient and family services.

Fought to pass the ACT for ALS Act to assist the discovery of new treatments for people living with ALS through more clinical trials and expanded access to investigational drugs.

Advocated for the elimination of the 2-year waiting period before people living with ALS receive Medicare benefits due to disability.

About **WALK ALS**

When you participate in Walk ALS, you support people living with ALS in your own community. Walk ALS is the number one way to unite and fundraise for those living with ALS. The funds your company will donate or raise will have a direct impact on the lives of people affected by ALS — and they are counting on you and your employees for help!

YOUR SUPPORT FUELS PROGRESS

Walk ALS remains the greatest way to lend help and hope to people living with ALS and their families.

That's because gifts to Walk ALS fuel progress in three critical areas: impactful care services, vigorous government advocacy and innovative research toward a cure and treatments for ALS.

GET INVOLVED

Here are some ways you can get your company (and employees) involved in Walk ALS.

- **Form a Walk ALS corporate fundraising team.**
- **Host a dress-down day fundraiser.**
- **Sell Walk ALS pin-ups** in your retail stores or offices.
- **Offer a matching gifts program** to donations made by (or even raised by) employees.
- **Encourage friendly competition** by posting inter-departmental thermometers or offering parking spaces to top fundraisers. Make it fun!
- **Recruit volunteers to help with Walk activities** (and contact us to get involved in other areas of need, too).

Email Amy Hall at ahall@ALSohio.org or call her at (866) 273-2572 x101.

*They Fought for Our Country, **NOW HELP US FIGHT FOR THEIR LIVES***

Studies supported by the National Institutes of Health, Department of Defense, Department of Veterans Affairs, and Harvard University have found that military veterans are twice as likely to die from ALS than the general public. This is the case regardless of the branch of service or the era in which they served and regardless of whether they served during a time of peace or war, domestically or abroad. The Department of Veterans Affairs has recognized the risk faced by military veterans and in 2008 designated ALS as a service-connected disease, which enables veterans with ALS to automatically qualify for substantial VA health and disability benefits.
